13 December 2021

JYRKI VUORINEN  
Dean

The degree certificate was electronically signed in Tampere University's records management system. Tampere University will verify the authenticity of the signature upon request.

This degree certificate is composed of three parts: in addition to this certificate, it contains a transcript providing information on the studies included in the degree, and a diploma supplement for international use, providing information on the university and the completed degree, its level and its status in the Finnish education system. This Degree Certificate is an official English version of the original version issued in Finnish.
